PHILADELPHIA, PA.

DREER'S QUARTERLY Wholesale Price List

July-August, 1896.

In submitting the Summer Edition of our Wholesale Price List it gives us much pleasure to return our thanks for the very liberal patronage accorded us during the past season, and in soliciting your orders for the present year we beg to assure you of our continued and unceasing efforts to give the utmost satisfaction, and to maintain the high reputation that we have so long enjoyed for supplying only the best strains of Vegetable and Flower Seeds at reasonable prices.

LOW EXPRESS RATES ON PLANTS.

We are shipping by express lines to all parts of the country, plants packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Boxes weighing less than 100 pounds are charged at pound rates, minimum charge not less than 35 cents. For example: where the general rate is \$5.00 per 100 pounds, a box weighing 20 pounds will be carried for 80 cts. Prepaid 4 pound packages of seeds, plants and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we GUARANTEE SAFE DELIVERY on Plants and perishable goods, when ordered to be sent by EXPRESS.

PLANTS and PERISHABLE GOODS shipped between NOVEMBER 1ST and APRIL 15TH are at PURCHASER'S RISK as regards freezing, when ordered to be sent by RAILROAD or STEAMER.

As the saving in transportation charges is solely for the benefit of the purchaser, it is only reasonable that they assume the risk when perishable goods are not sent by Express.

TERMS OF BUSINESS.

✎ Unknown correspondents desiring to open an account will please furnish satisfactory reference, otherwise cash must accompany order.

✎ Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

✎ Perishable goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

CHANGE OF TERMS.

In order to equalize and to give the same time of credit on all purchases, we have decided to abolish our old system of credits in which all accounts regardless of date of purchase were due in January and July, and have decided to adopt a new system, as follows:--

On and after January 1st, 1896, all bills will be due and payable Ninety (90) days after date of Invoice. ✎ No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices. ✎ In filling out your order, always give SHIPPING DIRECTIONS, and write NAME and ADDRESS DISTINCTLY.

NON-WARRANTY.

We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

POT-GROWN STRAWBERRY PLANTS.

GENERAL COLLECTION OF SELECT TESTED VARIETIES.

Our pot-grown Strawberry plants are ready for shipment about the middle of July, and can be supplied as late as October in such varieties as are unsold at that time.

It is better, however, to procure the plants in August or September, as earlier plantings will develop larger and more vigorous plants and produce a greater crop of fruit next year, besides, we are usually sold out of many varieties later in the season.

POT-GROWN STRAWBERRY PLANT.

New Early Strawberry, Bederwood.—A new and exceedingly valuable early Strawberry. Berries of large size, of regular roundish form, light scarlet, of excellent quality, remaining in fruit a long time. \$3.00 per 100.

Brandywine.—A new very late variety; it is a strong vigorous grower with heavy foliage and perfect flowers; the berries are of immense size, color rich red. \$3.00 per 100.

Hersey.—Possesses all the good qualities desired for home use and the market. Its flower is perfect, fruit of most excellent flavor, having the taste and aroma of the best varieties of the wild strawberry. \$3.00 per 100.

New Early Strawberry, Lady Thompson. A new variety that has been recommended very highly. It is a perfect flowering plant of great vigor. Berries roundish conical, bright scarlet, medium to large size, firm, of very good quality. \$4.00 per 100.

New Early Strawberry, Leader.—A wonder for earliness and size. Without doubt the earliest large Strawberry in cultivation, of fine quality, oblong in shape, and very bright crimson in color; enormously productive, and continues in fruit for a long season. Blossoms perfect. \$4.00 per 100.

Marshall.—Berries of very large size, fourteen filling a basket. Color, very dark crimson throughout; fine flavor and fine grain, and a good keeper. \$3.00 per 100.

New Strawberry, Mary.—One of the very early varieties of strong vigorous growth, attractive in color and a prolific bearer, will no doubt become popular on account of its large size and fine color. \$4.00 per 100.

New Strawberry, Tennessee.—Perfect flowering, vigorous, stocky plant. Very productive of medium to bright scarlet berries of fine quality; ripens medium to early. \$4.00 per 100.

Timbrell.—One of the most valuable of all new varieties. Berries large to very large, dark crimson and very firm. Probably the best very late market berry. \$3.00 per 100.

New Strawberry, Woolverton.—Another large berry of Canadian origin. It is a strong grower, lasting over a long season. In fact it always matures part of its crop before it is done flowering. It is a fine large berry of attractive appearance and good quality. \$4.00 per 100.

Bubach (P.)—Strong, healthy, vigorous plant, that will thrive well on almost every soil. Very productive of large berries that ripen early.

\$2.50 per 100; \$20.00 per 1000.

Charles Downing.—Medium to large, conical, bright crimson, moderately firm, juicy and of superb flavor. One of the very best for home use.

\$2.50 per 100; \$20.00 per 1000.

Dayton.—Early, hardy, good size, productive, superior quality, fine shipper, handsome appearance, vigorous grower, free from rust and blight.

\$4.00 per 100; \$25.00 per 1000.

Eureka (P.)—Of strong, vigorous growth; producing large bright glossy scarlet berries, of very good quality, season medium. \$2.50 per 100; \$20.00 per 1000.

Enhance.—A vigorous and healthy grower, with dark green foliage; develops massive crowns; flower perfect; one of the most prolific in pollen; berries largest size, very firm, bright crimson color.

\$3.00 per 100; \$25.00 per 1000.

Gandy.—A strong, healthy plant, that makes but few runners. Perfect blossom; moderately productive of large, perfectly formed berries; ripens very late.

\$2.50 per 100; \$20.00 per 1000.

Greenville (P.)—Berries of large size, very productive, regular in form, of a rich bright color, firm texture and of excellent quality.

\$2.50 per 100; \$20.00 per 1000.

Haverland (P.)—Enormously productive of medium to large, long conical berries, of pale scarlet color; extremely early, prolific and showy.

\$2.50 per 100; \$20.00 per 1000.

Jucunda Improved.—Old Strawberry cultivators do not need to be told that the Jucunda was one of the most beautiful and delicious of strawberries, and that it would only succeed in a few exceptional places. Jucunda Improved seems to possess all the good qualities of the original, while it succeeds on almost any good soil.

\$4.00 per 100; \$35.00 per 1000.

May King.—A healthy plant; free runner, and moderately productive of bright scarlet berries; perfect form and fine quality, and one of the earliest to ripen.

\$2.50 per 100; \$20.00 per 1000.

Michel's Early.—A very strong growing, extra early variety; moderately productive; quality good; very attractive in color.

\$2.50 per 100; \$20.00 per 1000.

Parker Earle.—A most excellent variety. Plant very robust and suited almost to any soil, and will endure hot dry weather better than any other variety. Berries are of large size, regular and uniform, and of a rich color.

\$2.50 per 100; \$20.00 per 1000.

Rio.—A recent introduction that has been very highly recommended. It is of a rich glossy color, medium size, and is very prolific.

\$3.00 per 100; \$25.00 per 1000.

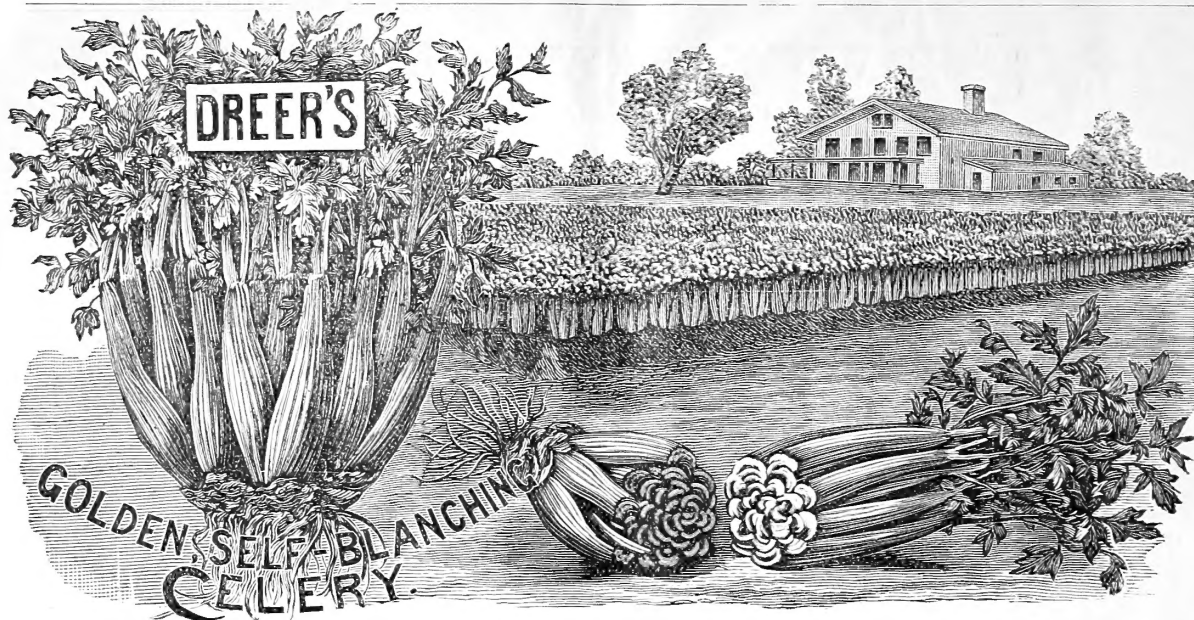

Saunders.—Berries of largest size, conical, slightly flattened, deep red and very glossy, of good quality and very productive.

\$3.00 per 100; \$25.00 per 1000.

Sharpless.—Very large, clear red; firm, sweet, and of good quality; somewhat irregular; a rapid and vigorous grower. One of the most popular standard varieties.

\$2.50 per 100; \$20.00 per 1000.

Van Deman.—An extra early perfect flowering variety; berries a showy glossy scarlet, with yellow seeds, firm and tart. \$3.00 per 100; \$25.00 per thousand.

CELERY PLANTS.

Celery plants can be supplied from June 15th to August 23th. We grow the following varieties, which we offer at the uniform price of

30 cents per 100; \$2.50 per 1,000.

Celery requires a moist, rich soil, and will not thrive in poor soil and dry situations. After the plants have attained a height of 5 or 6 inches they should be set out in rows three feet apart and six inches in the row. When twelve to fifteen inches high, the soil should be loosened by the use of the plow or hoe and the plants be "handled." This operation consists of drawing the stems upright with one hand, and pressing the soil firmly against the plant with the other; by this process the plants grow upright and can be easily cultivated and blanched by drawing the soil close up to the plant. Celery should receive thorough cultivation if good results are desired. To store for winter use, select well drained ground, dig trenches 1 foot wide and deep enough to cover the tops of the plants. Pack the stalks in this in an upright position, covering with boards to shed the water, and in severe weather protect with straw or leaves.

White Plume. This is a very ornamental variety, while its qualities are equal to the best, being crisp, solid, and having that nutty flavor peculiar to some of the red kinds.

Golden Self-Blanching. An early beautiful and in every way desirable sort, requiring but little labor to blanch. The heart is a rich golden yellow, with light yellowish green outer leaves. Of dwarf, compact habit, rich nutty flavor and an excellent sort for table decoration.

Giant Pascal. A superior keeping sort. The stalks are very large, thick, solid, crisp, and of a rich nutty flavor, free from any trace of bitterness; it blanches very easily and quickly, and retains its freshness a long time after being marketed. The heart is golden yellow, very full and attractive in appearance.

Perfection Heartwell. A large, solid growing variety of excellent flavor and creamy white color. In size it is between the Golden Dwarf and White Solid. It is an excellent market sort, as the stalks are clear and attractive in color.

New Rose. In this variety, we have a combination of the best qualities of Celery. The red sorts surpass the white in flavor, and possess in their coloring a valuable feature as a table decoration.

Early Arlington. An improvement on the Boston Market, being earlier and of larger growth and blanches rapidly.

Boston Market. An excellent half dwarf sort of vigorous and bushy habit, producing many side shoots. Blanches perfectly white, is very sweet, crisp, and of excellent flavor.

Dreer's Large White Solid. The best of the large growing sorts. Stalks firm, white and sweet, will not become pithy if grown on moist soil.

Golden Dwarf. A standard variety of great merit. In size it is the same as the half dwarf kinds; the heart is large, full and of a fine golden yellow color.

Henderson's Dwarf White. This variety is perfectly solid, the stalks half round. When blanched it is a yellowish white, crisp, tender, and of a fine nutty flavor.

CABBAGE PLANTS.

NOW READY.

Late Flat Dutch. Grown from our select late Flat Dutch seed.

Large Drumhead. A favorite variety with market gardeners.

Perfection Drumhead Savoy. The largest solid heading sort among the Savoy.

Red Dutch Drumhead. The largest and best for pickling.

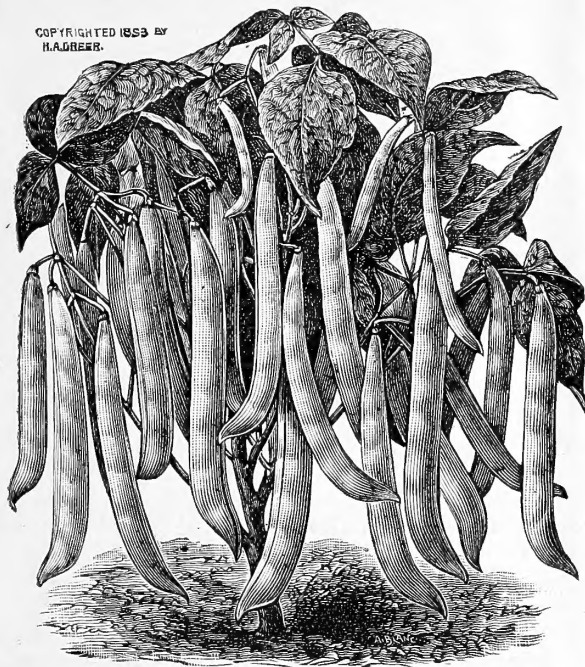

20 cts. per 100; \$1.50 per 1,000.

VEGETABLE SEEDS

FOR SUMMER AND FALL SOWING.

The following list of vegetable seeds comprises the leading varieties suitable for present sowing. By sowing at intervals during the summer months a constant supply of fresh vegetables may be obtained until late in the fall. When beans and peas are to be sent by mail, add 15 cents per quart additional to price for postage. We pay postage on small seeds by the packet, ounce or quarter pound.

French Spawn in 3 lb. boxes, \$1.00.

Flower Seeds.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country.

Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnations, Calceolaria, Cyclamen, Gloxinia, Pansy, and Primula, which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

" Blue, all shades.....	2 40	23 00			

Selected First Size Named Hyacinths.

The superiority of Named Hyacinths for forcing and bedding is attested by the increased sales of the past few years. They can always be depended upon to produce large full spikes which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts.

LILIUM HARRISII.

BERMUDA EASTER LILY,

Ready in July.

Note the reduced prices for 1896.

Our bulbs have always been grown by one of the most careful and conscientious growers in Bermuda, and may be depended upon to be the *best* that can be procured. As we are among the largest buyers of this Bulb, we have made favorable arrangements, and can sell the bulbs as low as reliable stock can be had.

Plants for Florists.

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stocks. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen. We have, during the past season, added Aquatics to our other lines of specialties. Extensive stock and show ponds have been constructed, and parties interested in this class of plants will find a visit especially interesting between July 10th and October 1st, when nearly all the various Aquatics—Victoria Randi, Nymphaeas, including recent introductions, etc., etc., will be found in their prime.

The range of new glass covering 53,000 square feet—nearly one acre—being under one roof, is certain to interest anyone having anything to do with a greenhouse.

A time card of trains with directions how to reach the nurseries, will be mailed to anyone applying.

NEW ASPARAGUS SPRENGERI.

Asparagus Sprengeri.

A most desirable new species, especially useful to grow as a pot plant for decorative purposes or for planting in suspended baskets; the fronds are frequently four feet long, are of a rich shade of green and most useful for cuttings, retaining their freshness after being cut for weeks. It will make an excellent house plant, as it withstands dry atmosphere, and will succeed in almost any position.

We consider this a first-class plant in every way, and having succeeded in growing a large stock, we are enabled to offer it at a very low price.

Fine strong 3 inch pots, 35 cts. each; \$4.00 per doz.; \$30.00 per 100.

Young stock, in 2 inch pots, 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

Araucaria Excelsa.

(Norfolk Island Pine.)

The growing demand for this beautiful decorative plant has induced us to prepare an extra large stock.

4 inch pots, 6 inches high, nice little stock to grow on, 60 cts. each.

5 inch pots, 3 tiers, 12 to 14 inches high, \$1.25 each.

6 " " 4 " 15 to 18 " " 1.50 "

6 " " 4 " 18 to 22 " " 1.75 "

Araucaria Excelsa Glauca.

5 inch pots, 2 tiers, 10 inches high, fine stock, \$1.25 each.

7 " " 4 " 18 " " " 2.50 "

ARAUCARIA.

Aralia Sieboldii.

(Green Leaved.)

A most excellent house plant, having large, deeply cut foliage, which is of a bright, cheerful green color.

Fine plants in 4 inch pots, 25 cts. each; \$2.50 per doz.

Aralia Sieboldii Variegata.

A pretty variegated form of the above. Good 4 inch pot plants, 50 cents each.

Aralia Chaubrieri.

An elegant plant for table decorations with fern-like dark green leaves, brightened by crimson midribs; strong plants in 5 inch pots, \$1.50 each.

Anthurium Scherzerianum.

One of the most striking, dwarf-flowering stove plants, producing beautiful brilliant scarlet flowers, each of which remains from two to three months in bloom.

Good strong thrifty plants in 4 inch pots, 75 cts. each.

"The box of plants came by last Steamer and arrived in very good condition, and it is the first I have ever received from the United States in good order. Heretofore they were either dried out or rotten. I think every plant will grow." May 9th, 1896.

H. J. RHODES. Honolulu, H. I.

Import Orders for Azaleas.

We are now booking orders for fall delivery. Buyers who use a quantity of this most popular Easter blooming plant, will find it to their interest to place their orders for next season's wants early, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be

AZALEA.

forwarded with perfect safety during October, by fast freight, even to the most distant points.

Our attention is frequently directed to other growers and dealers offering Azaleas of the same diameter as herein quoted, at much lower prices. We wish to say in reference to this stock, that there is more than one way of measuring an Azalea, and while a plant may measure 15 inches in diameter, it may be really worth less than another plant that only measures 12 inches in diameter. Most of this stock is grown on quickly without sufficient cutting back, the idea being to get a plant so many inches in diameter.

We would here say that we do not offer our stock in competition with this class of plant. We have been handling Azaleas as a specialty for many years; last year we distributed nearly 25,000 plants, almost without a single complaint of any consequence.

Our prices are as low as first-class, bushy, well budded stock can be supplied for, and we are certain that they will give entire satisfaction.

Our growers in Belgium are among the most successful men handling Azaleas; they have been specialists in this line for many years, and their principal stock is sent to us.

All of our importations of Azaleas are sent here in bulk, and are all repacked at our own nurseries, so that any plants that may not have carried well are set aside. This insures our customers of securing only first-class stock, which cannot be compared with cheap assorted case lots which are made up in Belgium, and are distributed on this side just as received, frequently not only containing damaged plants, but also, as a rule, many varieties not at all suited to the American trade.

The varieties we supply are only the most popular sorts suited to the American market. We give personal attention to the selection of these stocks abroad, and can guarantee satisfaction. We offer well budded plants with bushy crowns.

Fine bushy crowns, well set, with buds, 10 to 12 inches in diameter.....	\$35.00 per 100.
Fine bushy crowns, well set, with buds, 12 to 15 inches in diameter.....	60.00 " "
Specimen plants 18 to 20 inches in diameter.	30.00 " doz.

Ardisia Crispa.

Similar to Ardisia Crenulata in every way, except that the fruit is much larger and of a darker, richer color.

2 1/2 inch pots, 75 cts. per doz. ; \$6.00 per 100.
3 " " very strong, \$1.25 per doz. ; \$10.00 per 100.
5 " " 6.00 " "

Asparagus Plumosus Nanus.

We still offer a good stock of 2 inch pot plants, seedling stock, which is very much superior to old divided stools.

\$1.00 per doz. ; \$8.00 per 100 ; \$70 per 1000.

CYCAS REVOLUTA.

Cycas Revoluta.

We have a large stock of Cycas in very good condition, especially in medium-sized plants, suitable for retailing for house decoration, and shall be pleased to select plants of exceptional good value at 25c., 50c., \$1.00, \$2.00, \$3.00, \$5.00, \$7.50, \$10.00 and \$15.00 each. All of these sizes are in very good condition, and we are certain will give entire satisfaction.

ARDISIA CRISPA.

ASPARAGUS PLUMOSUS NANUS.

"The plants sent by you came in good condition, and are the finest I ever saw."
April 10, 1896.

C. C. ARCHER.
New Hope, Pa.

Camellia Japonica.

We are offering this season the finest lot of Camellias we have ever been able to present. The plants are in a remarkably fine condition, clean, healthy and perfect in every respect.

Dracæna Massangeana.

Good plants in 4 inch pots, 75 cents each.

Dracæna Lindeni.

A beautiful variegated form of Fragrans, with broad green foliage and golden yellow stripes on the edges of the leaves. Good plants in 4 inch pots, 75 cts. each.

Dracæna Terminalis.

2 inch pots, \$1.00 per doz. ;	\$7.00 per 100.
5 " " 5.00 " " "	

JUSTICIA VELUTINA.

New Dwarf Justicia "Velutina."

This New Dwarf Justicia, so highly praised by Mr. Louis de Vilmorin in the *Revue Horticole*, is really a much finer and dwarfer plant than our engraving, made from an imported specimen, suggests. Everyone knows the tall, lanky, straggling habit of the old Justicia Rosea. This new sort, which is now grown so extensively by Parisian florists, begins to bloom when the plant has only three or four leaves, and is never out of flower afterward. If pinched back occasionally it makes a very dwarf, stocky plant, frequently covered with 20 to 50 large pink flower-heads, lasting a long time. The foliage is also more persistent and highly ornamental, being heavy in texture and very velvety.

FINE FERNS.

As usual, our stock of Ferns this season is again very large, about 500,000 being now in pots ready to send out, with more than double this quantity coming on in flats and seed beds.

Our collection has been especially selected with a view of offering only the very best for general florists use, discarding all such as are only useful in a botanical collection.

Scarce and Special Varieties.

Adiantum Farleyense.

A fine stock of this most beautiful of all the maiden-hair varieties, in excellent condition for growing on.

Strong 2 inch pots, \$2.00 per doz.; \$15.00 per 100.

“ 3 “ 3.50 “ 25.00 “

“ 4 “ 6.00 “ 50.00 “

Alsophila Australis.

A nice lot of this useful tree-fern.

2½ inch pots \$1.00 per doz.; \$8.00 per 100.

Adiantum Lathomii.

A most desirable Adiantum for growing into specimens. We offer a limited lot of 2 inch pots, \$1.25 per doz.

Cibotium Schiedei.

This is undoubtedly the finest of all the Tree Ferns for use in decorative purposes, it being a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it.

In 8 inch pots at \$3.50 each.

Davallia Fijiensis Plumosa.

One of the prettiest of the Davallias; especially fine for growing into specimen plants; with dark green, gracefully arching fronds.

2½ inch pots, \$1.50 per doz.; \$12.00 per 100.

Davallia Fijiensis Major.

Similar to the above, but with heavier foliage.

2½ inch pots \$1.50 per doz.; \$10 per 100.

Doryopteris Nobilis.

We have succeeded in growing a very fine lot of this beautiful variegated fern, which enables us to offer it at a much reduced price. We have fine 4 inch pots, 25 cts. each; \$2.50 per doz.

Nephrolepis Cordata Compacta.

We consider this the most useful and desirable Nephrolepis yet introduced. It is of rapid growth, good color and very graceful.

A limited lot of 5 inch pots 50 cents each.

DAVALLIA STRICTA.

Maranta Massangeana.

A most useful dwarf growing variety, with pretty mottled foliage, very desirable for use in connection with ferns for filling fern pots, jardinières, etc.

3 inch pots, \$1.25 per doz. ; \$10.00 per 100.

Otaheite Orange.

We offer a fine lot of plants, nicely set, with small fruit, which promise very well. These should make fine saleable stock for the holidays.

5 inch pots,	\$1.25 each ;	\$15.00 per doz.
6 " "	1.50 " "	18.00 " "
7 " "	2.00 " "	24.00 " "

Pandanus Veitchii.

Good plants, in 6 inch pots, \$1.25 each.

Pandanus Utilis.

This plant is scarce every season, and good plants in 5 and 6 inch pots are always in strong demand. We have now in stock about 40,000 fine young plants in 2 inch pots, in elegant condition for growing on.

75 cts. per doz. ; \$6.00 per 100 ; \$50.00 per 1000.

Passiflora, Quadrangularis Variegata.

A pretty variegated variety having large foliage which is mottled with bright golden yellow spots, and light colored, almost white flowers.

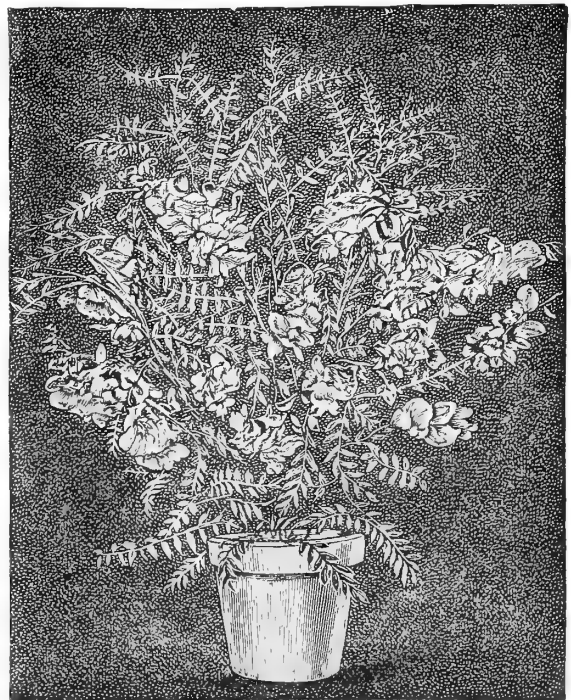

\$1.00 per doz. ; \$8.00 per 100.

Smilax.

2½ inch pots, \$3.50 per 100 ; \$30.00 per 1000.

Stephanotis Floribunda.

A nice lot of 3 inch pots, 30 cents each ; \$3.00 per dozen.

Swainsonia Galegifolia Alba.

Good young plants in 2½ inch pots, 75 cents per dozen ; \$6.00 per 100.

PALMS.

We are the largest growers of Palms in this country. The additional 53,000 square feet of glass erected by us during the past summer of 1895, is being devoted entirely to this class of plants. Our stock of the various sizes from small seedlings to large specimens is now very complete, all being clean, healthy, well grown stock. We limit our list to the popular and desirable varieties for florists' use. All measurements given are taken from the top of the pot with the foliage in natural position, and not from the bottom to the tip of the longest leaf, as is the custom with some growers.

FROM A PHOTOGRAPH OF ONE OF OUR HOUSES OF LATANIA BORBONICA.

Latania Borbonica.

Our stock of Latanias, in small sizes, for growing on, as 2, 3 and 4 inch, are exceptionally fine and of good value. 2 inch pots, 3 to 4 leaves, \$5.00 per 100; \$40.00 per 1000. 3 inch pots, 4 to 5 leaves, beginning to show character, \$1.25 per doz.; \$10.00 per 100.

4 inch pots, 4 to 5 leaves, showing character; a fine lot of plants of exceptional value, \$3.00 per doz.; \$25.00 per 100.

6	20 to 24	15 00	

Cocos Weddelliana.

We have now in stock a fine lot of well grown, good shaped plants in 3 inch pots.

This variety is now almost indispensable in filling Ferneries and Jardinieres, and parties wishing a supply will do well to order at once. \$3.00 per doz.; \$25.00 per 100.

Cocos Plumosus.

Strong 3 inch pots, \$1.25 per dozen; \$10.00 per 100.

Chamaerops Excelsa.

2½ inch pots, 75 cents per dozen; \$6.00 per 100.

ARECA LUTESCENS.

KENTIA BELMOREANA.

Latania Borbonica Aurea.

This is the golden-leaved Latania, a rare and beautiful plant that is seldom offered. Our stock is limited.

Fine plants in 4 inch pots, showing character nicely, \$2.50 each.

Livistonia Rotundifolia.

One of the prettiest Palms in cultivation, especially suited for table decoration. The foliage is similar to that of a Latania Borbonica, but smaller and gracefully recurved, forming an almost globular plant.

We offer a limited lot of good little plants in 2 inch pots. \$2.50 per doz.; \$20.00 per 100.

Phoenix Rupicola.

We offer a fine lot of this choice variety, true to name.

2½ inch pots, \$1.25 per doz.; \$10.00 per 100.

Phoenix Reclinata.

2½ inch pots, 75 cents per doz.; \$6.00 per 100.

6 " " 24 to 30 inches high, 12.00 " doz.

Phoenix Sylvestris.

2½ inch pots, 75 cents per doz.; \$6.00 per 100.

Ptychosperma Alexandria.

2½ inch pots, 75 cents per dozen; \$ 6.00 per 100.

3 " " \$1.25 " " 10.00 " "

4 " " 2.50 " " 18.00 " "

Rhapis Flabelliformis.

This is undoubtedly one of the hardiest decorative Palms in cultivation, and is the true broad-leaved variety.

We offer a nice lot of 6 inch pots, about 24 inches high single stem, with several suckers starting, at \$1.50 each.

Marechal Niel and Gloire de Dijon.

We have a good lot of these two varieties, dwarf budded, two-year old plants, grown in 6 inch pots.

\$3.00 per dozen; \$20.00 per 100.

FERTILIZERS.

CLAY'S FERTILIZER. Highly recommended for all purposes in the vegetable, fruit and flower garden, specially adapted in rose forcing. In sacks as imported, $\frac{1}{4}$ cwt. \$2.00; $\frac{1}{2}$ cwt. \$3.50; 1 cwt. \$6.25.

PURE GROUND BONE. Excellent for restoring and quickening grass plots, gardens, etc. Apply 400 to 600 lbs. to the acre. Sack of 200 lbs. \$3.50; per ton, \$30.00.

PURE BONE MEAL. Better than Ground Bone for mixing with potting soil, as it is much finer and in better condition for giving immediate effect. 200 lb. sack, \$3.50; per ton, \$30.00.

BONE FLOUR. Ground perfectly fine; an excellent fertilizer for pot plants or beds where an immediate effect is wanted. 100 lbs. \$2.50; bag or bbl., 200 lbs. \$5.00; per ton, \$40.00.

NITRATE OF SODA. A fertilizer for all crops, and the only means by which the largest per cent. of Nitrogen can be applied to soils. 50 lbs., \$1.75; 100 lbs., \$3.25; 200 lbs., \$6.00; ton, \$45.00.

PULVERIZED SHEEP MANURE. Excellent for mixing with potting soil. 100 lb. sack, \$2.00; ton, \$35.00.

LOBOS PERUVIAN GUANO. Ten per cent. ammonia. Per bag (about 167 lbs.) \$5.00; per ton \$60.00.

INSECTICIDES.

ANT EXTERMINATOR. A most effectual preparation for the destruction of Ants in lawns and pleasure grounds. Directions for use on each package. Put up in three sizes, 25 ct., 50 ct., \$1.00.

FLOWERS OF SULPHUR. A preventive and cure for Mildew. Per lb., 6 cents; 10 lbs. 50 cts.; per 100 lbs. \$3.00.

FIR TREE OIL. Per pint, 65 cts.; per quart, \$1.00; per $\frac{1}{2}$ gallon, \$2.00; per gallon, \$3.50.

FOSTITE. The great Mildew remedy. 5 lbs., 50 cts.; 25 lbs., \$2.00; 50 lbs., \$3.50; 100 lbs., \$6.50.

GRAPE DUST. Preparation for destroying Mildew, Mold or Rust Mites, in greenhouses or the open air. 5 lbs., 30 cts.

GISHURST COMPOUND. For Green Fly, Thrip, Mealy Bug and Scale. Per lb. box, 40 cts.; 3 lb. box, 90 cts.

HELLEBORE. Thoroughly effective. Per lb., 20 cts.

LEMON OIL INSECTICIDE. A sweet-smelling, milk-white, soapy wash, that can be trusted in the hands of the most careless operator, it being perfectly safe and harmless to the tenderest foliage and roots. Destroys Mealy Bug, Scale, Thrip, Red Spider, Black and Green Fly, Caterpillar, etc. Directions on can. $\frac{1}{2}$ pint, 25 cts.; pint, 40 cts.; quart, 75 cts.; $\frac{1}{2}$ -gallon, \$1.25; 1-gallon, \$2.00; 5-gallon kegs, \$9.00; 10-gallon kegs, \$17.50.

LITTLE'S ANTIPEST. A sure destroyer of Scale, Woolly Aphis and all insect pests. Per quart, 85 cts.; $\frac{1}{2}$ -gallon can, \$1.50; 1-gallon can, \$2.50; 5-gallon can, \$10.00.

LONDON PURPLE, 20 cts. per lb.; 5 lbs. for 90 cts.

PERSIAN INSECT POWDER. For destroying Roaches, Ants and Fleas. Per lb. 30 cts.

PURE PARIS GREEN 25 cts. per lb.; 5 lbs., \$1.00.

SLUG SHOT. A safe insecticide to use, and combines utility with cheapness. Per 10 lb. pkg., 50 cts.; 100 lbs., \$3.50; in bulk, full barrel of 235 lbs., 3 cts. per lb.

WHALE OIL SOAP. Cans, 1, 2 and 5 lbs., 15, 30 and 60 cts.; Bulk, per lb., 10 cts.; per 100 lbs., \$7.00.

TOBACCO SOAP, PINNER'S. For destroying all insects on plants and animals. Per lb., 30 cts.

TOBACCO ROSE LEAF EXTRACT. A very strong nicotine solution (about the consistency of molasses.) Used in various ways—such as boiling on small kerosine stoves, evaporating pans, painting pipes, dropping red-hot iron weights or fire-brick into narrow pans containing diluted extract, or, by syringing. Try it. Price, 5-gallon can \$5.00; 1-gallon can \$1.50.

TOBACCO DUST. A sure remedy for Green Fly. Per lb., 5 cts.; per 100 lbs., \$2.50.

TOBACCO STEMS. For fumigating. In bales of about 250 lbs., \$1.50; per bbl., 75 cts.

Rose Brand Sulpho-Tobacco Soap. A valuable Insecticide for Plants, Trees, Sheep, Cattle, Dogs, Horses, Poultry and domestic use. Dissolve 2 ozs. in one gallon of water. $\frac{1}{2}$ lb. tins, 25 cts.; postpaid 33 cts.; bulk, 10 lbs., \$3.00.

Powell's Improved Bordeaux Mixture, for Black Rot, Downy Mildew and Anthracnose of Grapes, Potato Blight, Potato Rot, Leaf Blight of Cherry, Pear, Quince and other Fungous diseases, and Carnation Rust. Already mixed, only requiring the addition of two gallons of hot water to each pound of mixture. 5 lb. package, 30 cts.; 20 lb. package (50 gallons wash), \$1.00.

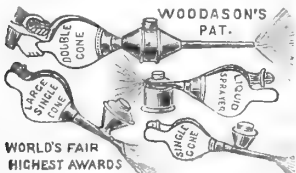

Powell's Copperdine. For Black Rot, Downy Mildew and Anthracnose of the Grape, Pear Leaf Blight, Pear Scab, Apple Scab, Powdery Mildew, Celery, Carnation and Violet Rust.

Quart Jugs (makes 25 gallons wash), each 50 cts.

1 Gallon Jugs (makes 100 gallons wash), each \$1.50.

5 Gallon Cans (makes 500 gallons wash), \$6.25.

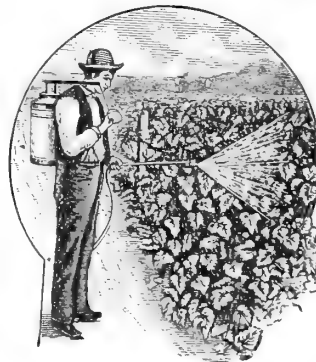

BELLOWS for APPLYING INSECTICIDES.

Single Cone Bellows,
85 cts. and \$1.75.

Double Cone Bellows, \$2.75.

Spraying Bellows,
85 cts. and \$1.75.

Knapsack Sprayers.

The only way to have healthy nursery stock, sound plants, and perfect fruit and vegetables, is to protect them with the right fungicides and insecticides at the proper times.

For applying Bordeaux Mixture and all Liquid Insect destroyers.

Excelsior (copper,) holds 4 gallons, \$12.00.

Myers' (copper,) holds 5 gallons, \$10.00.

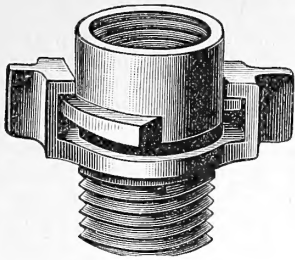

Paris Green, Slug Shot, and Plaster Dusters.

An effectual and cheap duster for dry powder. With handle as figured, either fine or coarse mesh.

15 cts. each.

With side handle for using with pole,

10 cts. each.

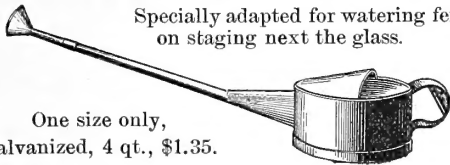

The "Simplicity" Hose Attachment.

There is no simpler arrangement on the market for attaching hose to hydrant; one part is attached to hose, the other to the hydrant; by a slight turn the fastening is made.

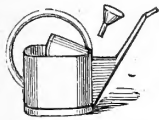

Complete, 25 cts., \$3.00 per doz.; parts separate, \$1.50 per doz.

The Low Greenhouse Can.

Specially adapted for watering ferns, etc., on staging next the glass.

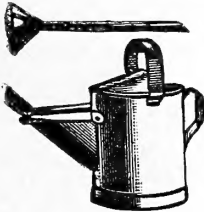

One size only,
Galvanized, 4 qt., \$1.35.
